Urban Studies Major

www.UrbanStudies.Pitt.edu

Revised: 08/2019

The Urban Studies Program offers a major for students who have an interest in unraveling the complexities of the urban world. The major is interdisciplinary, meaning that students learn about cities as historical, social, cultural, economic, and political phenomena. The major is real world, meaning that students take this learning with them and apply it to the world beyond the classroom. Finally, the major is career-oriented, meaning that students attempt to find a role for themselves in the urban environment. To accomplish all of these goals, the Urban Studies Program has designed a curriculum which integrates knowing with doing. The urban studies major combines courses offered by the program itself with courses offered through other social science departments. Students are encouraged to take URBNST 0080 Introduction to Urban Studies as early as possible, ideally in the fall or spring of the freshman year, and to develop a broad background in the social sciences among lower-level social science courses.

Required courses for the Urban Studies major

The urban studies major requires the completion of 36 credits distributed as follows.

Urban Studies courses

URBNST 0080 Introduction to Urban Studies
URBNST 1102 Introduction to GIS or
URBNST 1104 Applied GIS
URBNST 1300 Urban Studies Skills Seminar
URBNST 1500 Urban Studies Research Seminar
URBNST 1900 Urban Studies Field Placement (six credits)

Concentration

Students are required to complete six courses, chosen in consultation with the major advisor, from one of the following concentrations.

- Community Organization
- Comparative International Urbanism
- Urban Planning
- Urban Policy, Politics, and Administration

Some of the courses that fulfill this requirement are listed on the back of this sheet. Additional courses can be found on the Urban Studies Program [Concentration Web page](#).

Recommended courses

Students are encouraged, but not required, to take STAT 0200 or STAT 1000.

Grade requirements

A minimum GPA of 2.0 in departmental and concentration courses is required for graduation.

Satisfactory/No Credit option

There is no limit to the number of courses in the major that can be taken on an S/NC basis.

Writing (W) requirement

Students must complete one W-course in the major. URBNST 1500 Urban Studies Research Seminar fulfills this requirement.

Study Abroad

It would be desirable for students to add an international dimension to their undergraduate education through their participation in a study abroad program.

Urban Students Association

The Urban Students Association (U.S.A.) is an official student organization formed by students in the Urban Studies Program. Through U.S.A., students have been actively involved in issues related to the major throughout the Pittsburgh region. U.S.A. has invited guest speakers to appear on campus, organized field trips, and participated in numerous community projects.

Advising note: Students considering the urban studies major are encouraged to speak with the major advisor as early in the decision-making process as possible.
